What do we do at the end of the Parade?

Don't like your Parade position?

We can't stress how much work goes into the parade line-up in order to provide a balanced and cohesive show for those thousands of faces lining the parade route. We recognize that not all will like their parade line-up placement, however it is important to understand that the front, middle and end of the parade are all important to us — that is what makes for a good parade. Thank you for your cooperation.

Where are bathroom facilities located?

There are portable toilets located at Constitution Park and Keystone Park. Willard School will also be open for entrants to use bathroom facilities.
